

Editorial

According to the Chinese Zodiac, 2018 is the year of the Dog, and its characteristic word is ACTION! That action or hope thereof, translates well into the new word that has entered the South African vocabulary... 'Ramaphoria'! This after Mr Cyril Ramaphosa was elected President of South Africa in the beginning of the year. The word is said to describe the warm fuzzy feeling that penetrates the fabric of the new "New South Africa".

Mr Ramaphosa takes the reigns as the country's President and has reflected on the legacy of the late Nelson Mandela, by cementing a culture of volunteerism, as we count down to Madiba's centennial birthday. With the focus on the number '100', numerologists say the number represents energy that is self-determined, independent and has infinite potential. So, it's not surprising that Mr Ramaphosa launched his presidency with the 'Thuma Mina' (send me) campaign to deliver services to communities.

This 'new dawn' has not come without any challenges though. The 1% hike in value added tax, the minimum wage tussle with labour unions and the third hefty petrol price increase in one year, are some of the key events which have South Africans worried. National Treasury has however anticipated an economic growth of 1.5% in 2018, rising to 2.1% in 2020, even though economists and analysts have warned that these gains could also falter, as the so-called 'honeymoon period' starts to give way to the economic realities of South Africa's tight budget, high rates of unemployment and political uncertainty around key issues.

The good news though is that, midway through 2018, South Africans have two benchmarks to draw inspiration from... 'The Mandela Centenary 2018' and 'Thuma Mina' campaign. One of Madiba's dreams was to end poverty and inequality; and as we welcome our new College Principal, Mr Dika Mokoena, we reaffirm our unwavering commitment to providing accessible quality education as one of the key drivers out of privation. We also encourage our students, graduates and staff to heed the 'Thuma Mina' call as a challenge to turn the given opportunities into lives that will improve family standards and uplift communities to ensure that the impact of this new dawn is felt now and beyond.

Join us on this 'odyssey', as we celebrate and zoom into all things going well in the TVET College Sector, despite all the setbacks the country has been faced with. We hope you enjoy this edition just as much as we loved putting it together for you! Happy Reading

UPLIFTING COMMUNITIES IN THE SPIRIT OF THE LEGACY OF NELSON MANDELA

By Tshegofatso Rapoo

Teams ORBIT and ABSA celebrating with JD Mosiah Primary School's Management team & School Governing Body (SGB) members and Grade R learners, after the donation of tables, chairs and chair bags for the little one's classes

In the spirit of giving back and making a difference in our communities, ORBIT College in partnership with ABSA, handed over 18 brand new kiddies tables, 72 chairs and chair bags to JD Mosiah Primary School in Tlhabane on 1 June 2018. The project, which was rolled out from February 2018, saw the school's two Grade R classes being renovated to improve the poor infrastructure, which was not conducive for teaching and learning.

ABSA (Rustenburg Main branch) donated R15 000 towards the initiative, which assisted greatly in the renovations of the classes, including the plastering of walls and floors, painting of classes inside and outside, repairing of windows, electric plugs and lights. The College would like to thank Mr Wietz Botes,

Senior Lecturer for Engineering Related Design (ERD) and his team of Rustenburg Campus ERD and Fitting and Turning L4 students, for carrying out the renovations at the school for over two weeks.

The College also wishes to extend its gratitude and appreciation to ABSA, for their continued support in ensuring that we build stronger, healthier communities. This initiative was in support of the Nelson Mandela 2018 Centenary, which is aimed at helping to build the legacy of Madiba.

#BeTheLegacy

PLATINUM INCUBATOR GETS STATE-OF-THE-ART FACE LIFT AT RE-LAUNCH

By Tshegofatso Rapoo

Pictured from left to right: Ms Kgaogelo Modise (SEDA Technology Programme: Incubation Unit), Hon. Cassel Mathale (Deputy Minister of Small Business & Development), Ms Sibongile Shongwe (CEO of Platinum Incubator), Ms Wilma Swarts (Chairperson of Platinum Incubator), Mr Davis Sadike (Manager SEZ: North West Province), Mr Ofentse Kombe (MMC: Rustenburg Municipality), Ms Sylvia Leabile (Chairperson of Phenominal African Woman SA), Ms Miranda Motlogeloa (Board Member: Platinum Incubator) and Ms Maryna Marais (Former Principal of ORBIT TVET College) after the unveiling of the plaque at the re-launch of the SEDA Platinum Incubator

After enjoying more than a decade of being the only small business start-up hub in the world devoted to encouraging budding entrepreneurs to develop world class products and applications using Platinum Group Metals (PGMs), the SEDA Platinum Incubator situated at ORBIT TVET College, Rustenburg Campus was re-launched on 26 April 2018.

Established in 2006, in partnership with the North West Government and the private sector, the Incubator has for the last 10 years, helped aspiring goldsmiths to build careers in the design and manufacturing of jewellery using platinum, gold, silver, diamond and semi-precious stones from South Africa. It also offers a graduate training programme where young aspirant jewellers can come and learn and perfect their skill, whilst also getting hands-on experience in working with those precious minerals, metals and stones.

Deputy Minister of Small Business & Development,

Honourable Cassel Mathale delivered a key note address, in which he highlighted the role of government in developing effective Platinum Beneficiation Initiatives in South Africa. Mr Mathale said that government initiated the Business Incubation Programme, in order to promote economic development and growth within specific communities or regions. "Even though South Africa is endowed with mineral resources, there has been very little beneficiation taking place within the country. It is for this reason that SEDA and the different industry partners, established the Platinum Incubator; to drive the beneficiation of platinum group metals and develop world class jewellery and enterprises for SA", Mr Mathale said. He further added that government will continue to make a significant contribution in ensuring that it creates a market for these products. "Since we have over 80% of the world's platinum, it is our responsibility as the source country, to make sure that we develop the new state of platinum beyond what is known to be." And there is no better way of

doing that, except to work with institutions of learning, such as ORBIT TVET College, where we have young people who are able to lead in the processes of diversifying further what platinum can be used for," he concluded.

An elated Ms Sibongile Shongwe, CEO of the Platinum Incubator, gave a background of the incubator, while reflecting on the journey from as far back as 2006, when the Platinum Incubator came into being. "Today is all about spreading love for Platinum. As the incubator, we look forward to hosting chemical engineers, metallurgists and some of those mavericks that are serial entrepreneurs, who can make any product work and can come up with ideas that are going to be ground-shedding so that our platinum makes a mark in the global village," Ms Shongwe said.

Ms Shongwe's sentiments were echoed by Chairperson of the Platinum Incubator, Ms Wilma Swarts, who said they are looking forward to entering into a new era of incubation. "We believe that in giving platinum a voice in South Africa, and by actively promoting and encouraging young inventors, chemists and engineers, scientists, designers, and entrepreneurs to use PGMs in new and exciting ways, this will ultimately benefit all stakeholders. Not only will we reclaim PGMs as a South African mineral of strategic importance, but we will also expand the economic value for the citizens of our country". Ms Swarts said.

The incubator makeover includes fully branded & improved protocols and level one security, which according to Ms Swart, symbolises a new beginning for the technological innovation that they would like to see take place at the incubator and in SA.

Former Principal of the College, Ms Maryna Marais, rendered a message of support, highlighting how the Incubator has benefitted and support SMMEs, especially the College students. "Being a public TVET College, our sole purpose is to train young people so that they can have the necessary skills to enter the labour market or self-employment that would benefit the country. We have no doubt that this incubator will become a flagship in South Africa, and affirm our pledge that ORBIT College will provide continued support to the Platinum Incubator team and all the potential and young entrepreneurs," Ms Marais said.

The launch was concluded with the unveiling of the plaque by the Deputy Minister, and a fashion show, exhibiting jewellery pieces by the emerging entrepreneurs.

To date, the Incubator has mentored and assisted 135 talented young people from previously disadvantaged backgrounds to realise their dreams of becoming jewellery designers and manufacturers by facilitating access to materials, equipment and machinery and also providing a support framework for these budding entrepreneurs.

THE DEPUTY MINISTER OF TELECOMMUNICATIONS & POSTAL SERVICES CELEBRATES 'INTERNATIONAL GIRLS IN ICT DAY' AT ORBIT COLLEGE, MANKWE CAMPUS

By Tshegofatso Rapoo

Deputy Minister of Telecommunications and Postal Services, Hon. Stella Ndabeni-Abrahams encouraged approximately 150 girls and young women to consider taking up careers in the growing field of Information and Communication Technologies (ICTs)

dominated, especially at senior levels. Various females and stakeholders making a mark in the ICT Sector, were invited to share their personal journeys with the learners on how they got to where they are today in the sector.

ORBIT College Deputy Principal: Academic Programmes and Student Support Services, Mr Tumisang Mosito articulated the point that Colleges can only deliver on their empowerment mandate if supported in terms of infrastructure, equipment and machinery, including knowledge, while adding that this can only be acquired through partnerships. "As a public institution, we need partnerships in order for us to do justice to this mandate. We salute the Telecommunications and Postal Services Ministry for allowing us to be their partner of choice. As an institution, we see this approach as a commitment to improve the living and learning conditions in the historically disadvantaged situation", Mr Mosito said.

The event was concluded with the Deputy Minister handing over certificates to 25 young women who completed ICT training conducted by the Department in collaboration with INTEL SA in 2015.

International Girls in ICT Day is an annual initiative supported by the International Telecommunications Union (ITU) Member States to create a global environment that empowers and encourages girls and young women to consider studies and careers in the ICT Sector.

The venue was packed to capacity with girls and young women from the College, neighbouring high schools and communities, interested to find out more about the growing opportunities available for females in the ICT Sector

Mr Lulu Khesa of 'Lulu Khesa Creations' displaying some of his jewellery pieces at the re-launch. Mr Khesa completed his studies in Jewellery Manufacturing at ORBIT College earlier this year, and is currently an incubatee of the SEDA Platinum Incubator

The Deputy Minister of Telecommunications & Postal Services, Hon. Stella Ndabeni Abrahams, celebrated the 'International Girls in ICT Day' with young girls and women in Grades 10-12 from neighbouring secondary schools in the Moses Kotane Local Municipality, at an event held at Mankwe Campus on 3 May 2018. The celebration was aimed at making girls and young women aware of the various opportunities that are available and offered by the Information and Communication Technologies (ICTs).

Addressing approximately 150 young females, the Deputy Minister emphasised the value of investing in techno-girls for the entrepreneurial and economic inclusion agenda. She further committed to training at least twenty internet providers from the Moses Kotane area in domain name reselling.

Even though the ICT industry is transforming and becoming more welcoming to women, the lack of young women attracted to ICT studies is still reflected in ICT companies and government agencies around the world. The ICT Sector remains male

Ms Zera Kgomo (right), Personal Assistant to the Mankwe Campus Manager was one the 25 young women who completed the ICT training conducted by the Department of Telecommunications & Postal Services in collaboration with INTEL SA in 2015, and was awarded, alongside nine others, a certificate of completion by the DM (left) Hon. Stella Ndabeni-Abrahams

LAUNCH OF CENTRE OF SPECIALISATION AT MANKWE CAMPUS PROMOTES ARTISAN DEVELOPMENT PARTNERSHIPS

By Tshegofatso Rapoo

Two respective Centres of Specialisation (CoS) in Diesel Trade and Electric Trade, were launched at ORBIT College, Mankwe Campus on 20 February 2018 in partnership with the Department of Higher Education and Training (DHET) and various business and industries focusing in Artisan Development. The Centre will provide selected students in the Diesel Trade industry an opportunity to take part in an apprenticeship, which will see them engage in theoretical work and gain practical training as well as authentic work experience at the guidance of an employer.

Key stakeholders from DHET, various SETAs, including the Quality Council Trade Organisation (QCTO), the Retail Motor Industry Organisation, Steel and Engineering Industries of South Africa (SEIFSA), Manufacturing, Engineering and Related Services Education & Training Authority (MerSETA) and potential industry partners were all in attendance.

The President of the Retail Motor Industry (RTI) Organisation, Ms J Esterhuizen outlined the important role that artisans play in promoting growth and development in the country. "The two industry sectors present here today, need artisans, as well as the

Various potential partners in the Diesel and Electric Trade honoured the invitation of the College to attend the launch and explore a possible working partnership with the Centres of Specialisation at Mankwe and Brits Campuses

mentioned Strategic Integrated Projects (SIPs). In the engineering space, artisans install, maintain and repair equipment, which is fundamental to the production process. In the communities, they can be self-employed, thereby servicing the basic maintenance needs of ordinary households. The infrastructure projects will therefore assist with work opportunities", Ms Esterhuizen said. She also added that the CoS launched at ORBIT College is ideally placed and identified as a partner of choice in the development of these required artisans.

Mr P Chetty, Project Manager at the Steel and Engineering Industries of South Africa (SEIFSA) took attendees through the main objectives of the Centres of Specialisation Project, and also urged more industry partners to get involved with these Centres at TVET Colleges.

Through this programme and the support of the participating industry representatives, stakeholders and SETAs the DHET is looking to empower TVET Colleges to develop a standard of skills delivery in order to become the "providers of choice" in Occupational Programmes for the Sector.

The Centres of Specialisation National Programme is aimed at producing:

- A skilled and capable workforce to support inclusive economic growth
- Increased availability of intermediate-level technical skills
- Increased delivery of qualified artisans in 13 priority skills
- Improved capacity of public TVET Colleges to provide training in skills that are in demand by industry

The programme will ensure a closer working relationship with industry, training centres and the Post School and Training (PSET) Sector, while also benefiting students and staff in the following ways:

- The curriculum offered will consist of occupational qualifications designed by industry, for industry and registered with the Quality Council for Trades and Occupations (QCTO)

Pictured from left to right: Mr C Basson (Senior Manager ETQA and Partnerships, MerSETA), Ms T Mokotedi (Executive Manager, EWSETA), Mr P Chetty (Project Manager, SEIFA), Ms M Marais (Former Principal, ORBIT College), Ms J Esterhuizen (President, Retail Motor Industry) and Mr H Geldenhuys (Regional Manager, MerSETA)

- The delivery of programmes will be a dual system apprenticeship that will see the apprentice being exposed to both the workplace for the practical component of the qualification, and the College for the theory component
- TVET College staff in these respective fields will be adequately exposed and be given access to the latest technology in the industry, as per the new curriculum
- The workshops at the identified CoS will be refurbished and adequately equipped to deliver on the practical skills development, as required by the curriculum

Former Principal of the College, Ms M Marais, thanked the DHET and the various partnering SETAs for identifying ORBIT College as an ideal TVET College to serve as a training centre. Ms Marais added that, with the support of employers, the programme would contribute immensely to the skills level of the country as a whole.

Another Centre of Specialisation, focusing on Electrical Trade has been established at Brits Campus. Students taking part in both the Diesel Trade apprenticeship at Mankwe Campus and Electric Trade apprenticeship at Brits Campus, will be the first recruits of ORBIT College for the new QCTO qualification in 2019.

MINISTER OF HIGHER EDUCATION & TRAINING, WANTS TO REPOSITION TVET COLLEGES AS INSTITUTIONS OF FIRST CHOICE

Technical and Vocational Education and Training (TVET) Colleges will become the institutions of choice for millions of young people and lay the foundation of education in South Africa, says Higher Education and Training Minister Naledi Pandor. Increasingly, more youth are entering technical and vocational colleges as government refocuses its efforts on placing TVET Colleges at the centre of the Post School Education and Training (PSET) Sector.

In 2009, there was one TVET College enrolment for every four university enrolments. Currently, there is one TVET College student for every two university students enrolled. However, while this ratio has improved, there is still much work to be done to promote the attractiveness of TVET Colleges for youth and remedy the skills shortages South Africa currently faces.

"We have too many youth choosing to go to university and not enough coming into the technical and vocational education sector," Pandor comments. "We have in this country, as [have] many other countries around the world, placed an overemphasis on university education," she says, highlighting that this has not only overloaded the university system, but also resulted in a struggle to find the relevant midlevel skills needed to drive the economy.

Pandor further added that there is a need to start taking TVET Colleges "more seriously" and to start recognising their significance in contributing to the development of skills required by the economy. "We want to make TVET Colleges first-choice institutions. This is where the future lies. This is where the skills we need are [going to be developed]," Pandor says.

This is particularly relevant in an era where Africa is launching a massive infrastructure development drive and the Southern African Development Community (SADC) is driving the implementation of an industrialisation strategy. South Africa needs more artisans, technicians and technologists, which only TVET Colleges can provide, Pandor points out, while also noting that, in line with this, government has set a target to train 30 000 artisans a year by 2030.

In 2017, some 21 100 artisans graduated, with government well on track to realising this ambition. "We are going to pursue these objectives in partnership with industry in South Africa," she adds, citing plans to modernise the colleges, improve the quality of the teaching and learning processes and ensure they contribute to employment creation and enterprise development in South Africa. "Much of our thinking and work at the moment is focused on ensuring that our curricula at colleges match and reflect the realities of the working world," she says, encouraging more companies to get involved in hosting apprentices and preparing students for what exactly will be required in industry.

Pandor further encourages industry partners to "take ownership" of the qualifications and curriculum design, as well as the provision of practical work experience, to train and deliver skilled people ready for employment.

Minister of Higher Education & Training, Hon. Naledi Pandor. Ms Pandor, who was appointed on 1 March 2018, is not new to the portfolio; as she served as Minister of Education under former presidents Thabo Mbeki and Kgalema Motlanthe

NSFAS STUDENTS CAN NOW UPDATE CONTACT DETAILS ONLINE

National Student Financial Aid Scheme (NSFAS) funded students, who wish to update or change their contact details, can now do it online. Students, who wish to update or change their contact details, can do it online through the Mynsfas portal on the scheme's website.

NSFAS spokesperson Kagisho Mamabolo said the move comes after NSFAS received concerns from students, who were unable to sign their bursary agreements as a result of their details not being updated on the system, either due to lost handsets or changed numbers. This challenge had a great impact on the signing of the NSFAS Bursary Agreement process.

Mamabolo said this initiative forms part of the long-term solutions to mitigate the challenge. "NSFAS believes that this new development is a milestone for the organisation, as it cements our strategy of being student-centred and utilising modern technology to simplify the lives of students," said Mamabolo.

Students who are unable to change their details online can use the manual process by emailing a certified copy of their green barcoded ID or smart card, and a completed affidavit specifying that they have changed their cell phone number; with the new and old number listed to uds@nsfas.org.za.

IN MEMORIAM

The late Mr Firoz Patel
Deputy Director-General for TVET Branch (DHET)

ORBIT College conveys its sincere condolences to the Patel family and the Department of Higher Education and Training (DHET) on the passing away of Mr Firoz Yusuf Patel, Deputy Director-General for TVET Branch, on 16 March 2018.

Mr Patel served the Department with absolute distinction and dedication for many years both as an educator and an administrator. He contributed immensely to the transformation of the education system in the country. His many contributions to democratising the education system and working selflessly for the provision of access to education for the poor and marginalised will never be forgotten.

May his soul continue to rest in peace.

EN ROUTE VIA Central Office

NEW APPOINTMENTS

Central Office welcomes and congratulates the following staff members on their appointments:

- Mr Gilbert Mafojane, former Head of Administration at Mankwe Campus, has been promoted to HR Manager in June 2018.
- Ms Rosa Modiba was promoted to Student Support Manager in July 2018. She previously occupied the Student Support Officer: Academic post at Mankwe Campus
- Mr Lebogang Mabebe was appointed as Labour Relations Officer from April 2018
- Ms Ntswaki Morake is the new HR Assistant, effective from May 2018
- Mr Siya Nqayi was promoted from the HR Assistant to HRD Practitioner from October 2017

Mr G Mafojane
HR Manager

Ms R Modiba
SSS Manager

Mr L Mabebe
Labour Relations
Officer

Ms N Morake
HR Assistant

Mr S Nqayi
HRD Practitioner

We wish them success in their new posts.

RETIREMENT & PROMOTIONS

The College bade farewell to Human Resources Management Practitioner, Ms S Govender-Moodley who went on early retirement due to medical reasons, and Data Information Administrator, Mr P Tlotleng, who was promoted to Assistant Director: EMIS at Buffalo City College in Eastern Cape.

We wish them well in their future endeavours.

Ms S Govender-Moodley
Former
Human Resources Management
Practitioner

Mr P Tlotleng
Former
Data Information Administrator

DHET HR WORKSHOP

The Department of Higher Education and Training (DHET) hosted a successful HR workshop for inland TVET Colleges (North West and Mpumalanga), on 2-3 May 2018 at ORBIT TVET College, Central Office. Important aspects including decentralising relevant HR functions from

DHET to Colleges, the draft of HR strategic plan and the formation of a HR Forum were discussed.

The North West & Mpumalanga Region is in the process of finalising the regional HR Forum to be launched before 31 May 2018

HR Practitioners from the Mpumalanga and North West TVET Colleges, attended the HR Workshop organised by the Department of Higher Education and Training

DEPUTY PRINCIPAL ACADEMIC PROGRAMMES & SSS ATTENDS APPRENTICESHIP SPOTLIGHT CONFERENCE IN WALES, UK

Deputy Principal Academic Programmes and Student Support Services, Mr Tumisang Mosito, along with representatives from eight other countries, attended an Apprentice Seminar by the British Council from 5-8 March 2018 in Wales, United Kingdom.

The event was aimed at introducing delegates to the apprenticeship system in Wales, while exploring the concept of work-based learning and how apprenticeship can deliver better outcomes for learners and better the economy. Representatives from various institutions in the UK, South Africa, India, Indonesia, Nepal, Nigeria, Pakistan, Italy and Uzbekistan, shared best practices with a focus on the roles of employers, service and training providers, quality assurance bodies and the part played by government in rolling out of the apprenticeship

programme.

Mr Kay Martin, Principal at Cardiff and Vale College, as the conference partner to the British Council gave a brief overview of the Welsh Skills System. He also outlined that that the College is one of the largest high quality apprenticeship providers in Wales that provides training programmes for the Welsh government. Delegates were also taken through the role of the British Council in the Technical and Vocational Education and Skills Sector.

Apprenticeships continue to assist our students to gain hands-on experience within the various industries and to learn new practical skills while earning a qualification and receiving a stipend.

Deputy Principal Academic Programmes & SSS, Mr T Mosito outside Cardiff & Vale College in Wales, during his visit in Wales, UK for the British Council 'Apprenticeship Spotlight Conference' in March 2018

2018 TRAINING COMMITTEE

The HR Unit has established a Skills Development Training Committee, comprising the Deputy Principal Corporate Services, HR Manager, HRD Practitioner and staff members representing Lecturing and Support staff on the different salary levels.

The Committee, inaugurated in compliance with the Skills Development Act (Act No. 97 of 1998), will seek to:

- Promote fair and equitable skills development practices and identify barriers to such practices
- Develop and create opportunities for skills development within the workplace
- Promote the culture of lifelong learning within the College
- Ensure that all legal requirements with regards to Skills Development are complied with
- Incorporate skills development initiatives to broaden employment equity programme

COLLEGE RETAINS ISO 9001:2015 CERTIFICATE

By Belinda Matlhako

Ms B Mathako (Compliance Auditor) and Mr M Tsabangwe (Internal Auditor) with the ISO 9001:2015 certificate the College has managed to retain during the re-certification audit

ORBIT College has managed to retain its ISO 9001:2015 certificate during the re-certification audit which was conducted in January 2018 by the South African Bureau of Standards (SABS). The audit was focused on ensuring that the College processes are in compliance with the requirements of the ISO 9001:2015 standard and College policies and procedures.

The processes that were audited included among others: teaching & learning facilities & infrastructure. Although deficiencies were identified during the audit, these were deemed to be of a minor nature. The affected units worked with the Internal Audit and Assurance Unit and the Principal to ensure that all the identified gaps were closed accordingly to avoid re-occurrence in the future.

The Internal Audit and Assurance Unit would like to thank all staff members for their continued compliance to College policies and procedures and for ensuring that the College retained the ISO certificate, which was issued in May 2018.

STAFF WELLNESS-BEING A PRIORITY AT CENTRAL OFFICE

By Reuben Marakalala

Central Office established a Wellness Committee to oversee the well-being of staff members at Central Office. The Committee, inclusive of the inputs of staff, compiled a year plan with various activities that will be rolled out bi-monthly on Fridays.

The first event was hosted on 08 June 2018, with professionals from Bokone West Clinic conducting a Stress Management workshop, aimed at assisting staff to manage stress better at the workplace. Other upcoming activities on the plan will focus on, amongst others women & men's' health, financial management, organ donor awareness and eye care awareness.

The Department of Higher Education & Training (DHET) has indicated its plans to request that all Colleges implement their own Central Health Care system to assist staff.

The committee members are: Mr S Nqayi (Human Resource Development Practitioner), Mr R Marakalala (Media & Communications Officer), Ms T Shilowa (Student Support Social Co-ordinator), Ms V Mabula (Personal Assistant to Deputy Principal: Corporate Services) and Ms N Morake (Human Resource Assistant).

The Central Office Wellness Committee. Pictured from left to right: (sitting) Ms V Mabula, Ms Y Shilowa and Ms B Matlhako. Standing- Mr R Marakalala, Ms N Morake and Ms S Nqayi

SHARING BEST PRACTICES FOR THE ADVANCEMENT OF MARKETING AND COMMUNICATIONS IN TVET COLLEGES

By Tshegofatso Rapoo

Pictured from left to right: Ms Ntombekhaya Qwaqa (Assistant Director for Marketing & Communications at PE TVET College), Ms Oratile Matlapeng (Call Centre Administrator- ORBIT College), Mr Reuben Marakalala (Media & Communications Officer- ORBIT College), Ms Sharlotte Sibanda (Communications Assistant- ORBIT College), Ms Nadine Moodaely (Marketing Practitioner- PE TVET College), Ms Mariette Viljoen (Corporate Communications Unit Manager- ORBIT TVET College) and Ms Tshegofatso Rapoo (E-Media & Communications Administrator- ORBIT College)

The Corporate Communications Unit of ORBIT College was excited to host Marketing and Communications colleagues from Port Elizabeth TVET College, on 14 February 2018 to share ideas and best practices in creating, implementing and measuring corporate communications within the TVET Sector.

Ms Ntombekhaya Qwaqa, (Assistant Director for Marketing & Communications) and Ms Nadine Moodaely (Marketing Practitioner) visited the ORBIT team a day after ORBIT College had hosted the National TVET College Times Editorial Meeting held on 13 February 2018 at the Central Office, attended by more than twenty Marketing and Communications Practitioners from various TVET Colleges around the country.

EN ROUTE VIA Brits Campus

NEW APPOINTMENTS

Brits Campus welcomes and congratulates newly appointed staff members on their new positions. We wish them a long and happy stay!

Mr TJ Mofokeng

Lecturer

MS CN Makhubela
FEA Lecturer

UNISA MASTERS RESEARCH PROJECT FOR TVET COLLEGES

Five Brits Campus staff members (Ms P Kasita, Ms S Lenyai, Ms D Nthako and, Ms E Ngwato), have enrolled for a 'Masters Research Project for TVET Colleges' programme, after an invitation for applications was sent by the University of South Africa (UNISA) to TVET Colleges. The group was selected to participate in the programmes after they had submitted their proposals, which were then approved by the University.

The two year programme is suitable for TVET College Lecturers who possess an Honours degree to study for a Masters in Education. Upon successful completion of the programme, applicants will graduate in 2020.

We wish them well with their studies!

TVET College Lecturers who are currently enrolled for the Masters Research Project for TVET Colleges offered at UNISA

RETIREMENT

Brits Campus said goodbye to Senior Admin Officer, Ms MA Lekhela, who went on retirement on 31 May 2018. We wish her an enjoyable and restful retirement.

STUDENTS ENGAGE IN ROBUST DISCUSSIONS FOR CURRENT AFFAIRS TV SHOW

The panelists for the first dialogue, from left to right: Mr Shadrack Plata (Brits Campus Report 191 Civil Engineering Student & Campus Choir Conductor), Ms E Ngwato (Brits Campus Academic Programmes Coordinator), and Mr Thabang Ramoroka (Agape Youth Movement)

Brits Campus hosted the Daily Thetha Show, a youth talk programme aired on SABC 1 from Monday to Friday, which focuses on current affairs and youth-related topics from a youth point of view on 19 March 2018. About hundred students from the three College campuses (Brits, Mankwe and Rustenburg) took part in robust dialogue discussions with one of the presenters of the show and a panel of experts, including College lecturing staff. The first discussion centred on the controversial topic "Does the education of the black youth benefit the black community?" followed by another engaging discussion under the topic: "Does the youth have an opportunity to exercise their freedom in small towns?"

Presenter of the Daily Thetha Show, taking questions from students during the pre-recording of the show

HEALTH & WELLNESS CAMPAIGN

Brits Campus Student Support Officer: Academic, Mr P Tekana, in partnership with HEAIDS, rolled out a health & wellness campaign for students from 4 to 6 June 2018. Different local health organisations such as Lovelife, Lifeline, FPD, and Careworx were invited to provide various services to students.

A LoveLife official raising awareness on HIV/AIDS prevention to students and staff

Students and staff queued to get tested for HIV/AIDS, TB and diabetic screening, and STIs. Family planning services were also offered for female students

MANDELA CENTENARY CAMPUS PREPARATIONS

Four teams battled it out for an opportunity to represent Brits Campus at the College Mandela Quiz Competition. Student Support Officer Academic, Mr P Tekana was the Quiz Master, while Mr J Nunu, Ms J Seloane, and Mr Munenmo, all from the English Department, were the scorers. Of the four teams, only two were selected to compete against the Mankwe & Rustenburg Campus teams at the College Academic Day on 31 May 2018, in preparation to the Regional Competition to be held on 17 July 2018. The quiz competition was one of the categories that students took part in at the College Academic Day hosted by Rustenburg Campus.

The four teams selected to compete for a spot to represent Brits Campus at the College Mandela Quiz Competition, during the campus competition

WELLNESS PEER MENTORS TRAINING

Twenty nine Wellness Peer Mentors (WPMs) who are Level 4 students, attended a training session from 16 to 18 March 2018, at Jennealis Guest House in Brits. WPMs are trained to support their peers with social challenges.

Ms V Mlambo giving a presentation during the WPM training

ATHLETICS

BRITS CAMPUS ATHLETE, SIFISO MTSWENI SHINES AT COSACSA CHAMPIONSHIPS

Brits Campus Management Level 4 student, Sifiso Mtsweni, participated in the COSACSA National Athletics Championship held at Peter Mokaba stadium, Polokwane in March 2018. He successfully defended his 2016 and 2017 1500m and 2017 800m National Champions titles. Sifiso represented in the Brits Campus Athletics Club in the Provincial ASA Track and Field Leagues, organised by Athletics North West North, between January and March 2018. He qualified and was selected to represent the Province in the 800m race at the Athletics South Africa (ASA) National Championships that was held at Tuks Stadium in Pretoria from 15-17 March 2018. Sifiso performed very well against the country's top athletes in the Senior Men's division, even though he did not manage to qualify for the finals. He was awarded a bronze medal for his participation in the 100m x 4 relay for team North West North.

Sifiso Mtsweni at the COSACSA National Championship at Peter Mokaba Stadium in March 2018

NWN CROSS-COUNTRY LEAGUE

The Brits Campus Athletic Club athletes participated in Athletics North West North Cross-Country League Competition hosted by Fields College on 12 May 2018. Pictured here is FEA Level 3 student, Mr Siphon Mkhwanazi (green & black), running the 4km race for Junior Men

INTER-PROVINCIAL CROSS COUNTRY EVENT

Brits Campus athletes participated in the inter-provincial cross-country event which took place in Zeerust on 16 June 2018. North West, Limpopo, Gauteng, and Mpumalanga athletes competed, including, Management Level 4 student, Mr Sifiso Mtsweni (left) who was awarded a medal for competing in the 4km Senior Men's Race. EIC Level 2 student, Mr Tshupo Hlungwani (middle) and Brits Campus alumni, Mr T Mathatsi, both successfully completed the 10km race for Senior Men.

EN ROUTE VIA Mankwe Campus

CAMPUS MANAGER'S MESSAGE

It is that time of the year again when we need to take stock and reflect on the first semester of the academic year. I very much hope that every staff member will take a step back and be proud of their achievements- take a moment, maybe two, to celebrate their success. They have every right to do so. Thank you for being part of Mankwe Campus where SUCCESS IS NOT AN OPTION.....BUT AN EXPECTATION. You are truly on the path to greatness. Success won't come overnight, so keep your goal in sight and keep moving forward -- no matter how slowly. Always move forward.

At the same time, I know that our students are grateful for the support they received to achieve their academic goals thus far in 2018. On their behalf, I wish to publicly thank our students' families and most importantly, their lecturers. In a very real sense your success is their success. Parents - thank you for the countless ways in which you have supported these students. Each of you knows best how you are implicated in their achievements.

STAFF AWARDS

Mankwe Campus understands very well that the awards conferred to staff, recognise outstanding work that has been done by the recipients. These awards constitute a heartfelt salute of excellence of which we are all immensely proud.

I was truly delighted to join all staff and students at the ground-breaking Mankwe Campus Staff and Students Recognition Awards Ceremony, which salutes outstanding performance by students and staff members who so passionately champion the attributes of our beautiful college. I am therefore truly honoured to congratulate to the following 2018 Award winners:

Performance Excellence

Lecturing Staff Awards

Criteria: 2017 Academic Results

Engineering Related Design & Electrical Infrastructure Construction - Mr M Maahe
Office Administration & Transport and Logistics - Ms T Molefe
Hospitality & Tourism - Mr P Gaborone
Life Orientation & English - Mr G Moilwa
Mathematics & Mathematics Literacy - Mr P Mhlanga
Report 190/191 Engineering Studies - Mr I Boyce
Report 190/191 Business Studies - Ms N Segwagwe

Support Staff (Cleaner/Groundsman) of the year - Mr Mashiane

Criteria: Team work, Commitment, Leadership, Positive attitude.

Campus Manager's Special Award - Mr. R Setshedi

Criteria: Going an extra mile and beyond the call of duty

Congratulations to all winners of awards. I applaud your achievements!

INTERNATIONAL EXCHANGE PROGRAMME

Mankwe Campus is extremely excited to be working together with EWSETA & MERSETA and the Chinese Culture and International Education Exchange Centre in affording our students a once-in-a-lifetime opportunity to participate in an international exchange programme. Twenty six Mankwe Campus students have been selected to represent ORBIT TVET College and the North

West Province in China.

It is envisaged that twelve students will be exposed to the following curriculum: Solar – Manufacturing panels, Establishing solar power stations, Maintenance of solar power and switch gear manufacturing, while fourteen will be exposed to manufacturing of escalators. Eleven students departed on 16 April 2018 and the remaining fifteen departed at the end of June 2018.

Meanwhile, six of the eight students who departed to China in March 2017 on 12 month internship, have successfully completed their training and returned home in February 2018. They came back armed with knowledge and skills in the manufacturing of batteries, and were awarded certificates of competency by the Beijing Union University in China.

Front row (from left to right): Ms M Motsoeneng (Chinese Culture and International Education Exchange Centre), Ms PK Tlhogwe, Ms KC Moeng, Ms BV Moatshe, Ms BP Tselapedi, Ms OB Mthombeni, Ms ME Mmokwa, Ms TP Muthuki & Mr J Lu (Chinese Culture and International Education Exchange Centre)
Back row: Mr RS Rapoo, Mr OB Montshing, Mr L Mogomotsane & Mr CP Thakanye

Eleven of the fourteen Mankwe Campus students selected for the Manufacturing and Repairing of Elevators exchange programme in China.

Last but not least I would like to congratulate three profound colleagues on their promotions as HR Manager, Student Support Manager and Academic Programmes Coordinator respectively. On behalf of Mankwe Campus, and myself I wish to convey our deep gratitude to Mr Gilbert Mafojane, Ms Rosa Modiba for their hard work, commitment and dedication to the success of

Mankwe Campus. Indeed it will be remiss of me not to acknowledge and salute you! Your collective efforts in pursuit of excellence made us a winning team. You served Mankwe Campus with distinction. Ms Kgaboesele on the other hand, was promoted to her current post of APC since 15 May 2018. She brings experience and a proven track record of success, which will be invaluable in meeting the departmental goals and objectives. We wish you all well on your respective journeys! Go and earn a name, fame and money and come back to tell me your success stories. The Campus also bade farewell to the former Academic Programmes Coordinator, Ms C Sheratt, who went on retirement on 28 February 2018. We thank her for her immense contribution, and wish her a happy retirement with wonderful memories.

Ms C Sheratt (left) and Ms B Kgaboesele

OTHER NEW APPOINTMENTS

Ms MC Mmatli
Educare Lecturer

Mr. PN Mokgotlwa
Boilermaking Lecturer

Mr M Maahe
Mathematics Lecturer

Absent: Ms L Nchabeleng - Life Orientation Lecturer
Ms PF Mosime - Mathematics Lecturer

In his first book, *True Dreams do Come True*, Dr Tibane writes: "You cannot climb the ladder of success dressed in a costume of failure. By costume, I don't mean the physical clothing, but the attitude you put on. A negative mental attitude is a costume of failure".

Mr Z Nkomo
Mankwe Campus Manager

Thank you for making a conscious decision to be positive and optimistic. Optimists make great people. We love to be around them because of their energy and the sense of possibility they see in every situation.

Godspeed!

CAMPUS AWARDS CEREMONY

Students who passed all their seven subjects and obtained a minimum pass rate average of 70%, were celebrated and awarded certificates of achievement at the Campus Awards Ceremony on 11 May 2018.

The awards ceremony did not only focus on academically performing students, as those who participated and excelled in extra-mural activities, were also acknowledged. This included the six students who have successfully completed their 12 months internship in China.

The Campus Manager also took the opportunity to award some staff members for their commitment and hard work.

Some of the recipients (staff and students) of awards and certificates

AFRICA'S TRAVEL INDABA 2018

Tourism Level 4 and Report 191 N6 students, travelled to Durban from 8 to 10 May 2018 for the 'Africa's Travel Indaba', which took place at the International Convention Centre (ICC). Upon arrival, the group visited various tourist attractions to find out more about the different career paths available in the tourism industry, as they prepare to enter the world of work.

Among some of the places visited, was the Moses Mabhida Stadium, where the group was taken on a tour around the museum and a ride on the cable car. They also visited the King Shaka International Airport, where they learned how baggage allowances operate.

The students were accompanied by Tourism Lecturers,

Mr K Senna, Ms J Senoelo, Ms L Mokoka, Ms K Sebene as well as two Campus SRC members Mr I Mataboge and Mr K Moatshe.

Tourism students (NCV Level 4 and Report 191 N6), Tourism Lecturers and SRC members at the Tourism Indaba that was held from 8-10 May 2018 at the Durban ICC

EIC LEVEL 4 STUDENTS AT ESKOM POWER STATION

The EIC Level 4 students at the ESKOM Power Station in Vereeniging on 31 March 2018

Electrical Infrastructure & Construction (EIC) Level 4 students went on an excursion to the ESKOM Power Station in Vereeniging on 31 March 2018, learnt more about how electricity is transmitted from the power station to various distribution points.

ALUMNUS UPDATE

Ms Boikanyo Malebye (top right) enrolled for Educare in January 2016 and completed her studies in June 2017. She has been furthering her studies in the B.Ed foundation phase at the University of Pretoria since January 2018. "With the passion I had for teaching and child development, enrolling for Educare at Mankwe Campus was a stepping stone towards my future in teaching field. The experience I had during my academic journey at Mankwe Campus was overwhelming and has helped me to adjust and thrive at University. I am thankful for the support I received from the ORBIT College family, especially the Educare Lecturers," Ms Malebye said.

EIC graduate, Mr Lucky Matcheke

(right on pic 2) who was also a Peer Academic Leader for two years, passed his trade examination in April 2018. He is now a qualified electrician. We wish them well in their future endeavours!

Ms B Malebye

Mr L Matcheke (left) pictured here with Mankwe Campus SRC Treasurer, Mr M Moahloli

IN MEMORIAM

Mankwe Campus was saddened by the untimely passing of Transport & Logistics Lecturer, Mr CS Mothibatsela on 2 March 2018. Mr Mothibatsela, who was also the Campus Choir Conductor and College Athletics Team Coach, will be solemnly missed for his smile and big heart. He was laid to rest on 10 March 2018.

May his soul continue to rest in peace!

The late Mr CS Mothibatsela
Transport & Logistics Lecturer

EN ROUTE VIA Rustenburg Campus

PASSION, DRIVE & DEDICATION OPEN ABSA DOORS FOR COLLEGE FINANCE ECONOMICS & ACCOUNTING STUDENT

By Tshgefotso Rapoo

ORBIT College, Rustenburg Campus Financial Economics Accounting (FEA) graduate, Mr Medupe Tsawane recently started work at ABSA, Rustenburg Branch, after participating in the 'Ready-To-Work' programme. Mr Tsawane and 49 other FEA students from across the three College campuses (Brits, Mankwe and Rustenburg), were selected to take part in the programme, which is aimed at preparing students for the world of work. The students were placed at various Absa branches in the North West Province, to enable them to gain Work-Based Exposure (WBE). After displaying a lot of dedication and drive during the training, Mr Tsawane was handpicked from the large group and offered full time employment as a Customer Service Clerk at the bank at the Rustenburg Branch.

ABSA, Rustenburg Branch Manager, Ms Ashante Mackenzie says what made Medupe stand out from the rest during the Ready-To-Work programme was his positive attitude and willingness to learn. "From the moment he first walked in, he had a very positive attitude, was very respectful and ALWAYS asked a lot of questions. Every time he was given a task, he'd make sure he understands what was expected of him in order to execute the task diligently. That would always be followed by "what else can I learn?" So, he really took advantage of the time that was allocated to him during the programme. He was really impressive", Ms Mackenzie said.

She added that Mr Tsawane has since settled in. "He's handling the pressures that come with the job pretty well, and remains calm and in charge of every situation he is faced with. He takes it one client at a time and continues to learn from every experience.

We recently caught up with Mr Tsawane at his workplace, to find out about his odyssey...

How would you describe your experience at ABSA so far?

The experience has been an amazing one so far. Since taking part in the ABSA 'Ready-To-Work' programme back in 2017, many doors with great opportunities have opened for me. After my participation in the programme, I was presented with yet another opportunity to study a course in AAT (Association of Accounting Technicians), also through the 'Ready-To-Work' programme. I believe this is when the management of the Rustenburg Branch had an opportunity to recognise me and my abilities.

What was your reaction when you were handpicked to work for ABSA, after taking part in the Ready-to-Work programme alongside forty nine (49) of your peers from the College?

I was beyond excited! Being the only person from a large group of fifty to be chosen to work for a brand as big and exciting as ABSA, was something I never

thought would happen to me. I was ecstatic and just couldn't believe it.

Would you say the teaching and learning you obtained from ORBIT TVET College prepared you adequately for the workplace?

Absolutely! We really had great lecturers at ORBIT College, who always had time for us as students. They taught us the important work principles and work ethics which I am now able to apply in the workplace. I handle the pressure that comes with every challenge at work with little difficulty because of the theoretical and practical training I received at the College.

Just last year, you were a Financial Management student at ORBIT College. Today you work for one of the biggest banks in the country. How has the whole experience changed your life?

It has changed my life tremendously. I never imagined I would be where I am today. I am grateful to the ABSA (Rustenburg Branch) management for recognising my talent and abilities.

Has it always been your dream to work for a bank?

This is indeed a dream come true. From a young age, I've always dreamt of working for a bank. Taking part in the Ready-To-Work programme was some kind of a sign for me that I was on the right track, and it encouraged me to work hard towards achieving my goal. My dream eventually came true, and I will not stop pushing and working harder because I believe there's still more for me out there in the world.

What are your aspirations as far as the Finance and Banking Industries are concerned?

I definitely want to explore and grow within the Banking Sector. My short term goal is to see myself climb the ladder here at ABSA. I see myself working in the private banking and finance department. I'd also like to see banking institutions create more employment opportunities for unemployed graduates.

What advice would you give to your peers who aspire to be where you are?

Work hard and always take your studies seriously. Most importantly, do not be shy to ask if you need clarity. If you are presented with an opportunity in life, you must grab it with both hands and use it to the best of your ability. I remember when my colleagues saw me on my first day at work, most of them said "we remember you! You are the youngster who kept asking endless questions during the 'Ready-To-Work' programme". Without me realising it, I left a mark in most minds during that period.

Mr Medupe Tsawane (ORBIT College graduate & Customer Service Clerk at Absa, Rustenburg Branch), Mr Otto Lessing (Provincial Manager Commercial Banking), Mr Brian Bogopa (Relationship Executive Public Sector at ABSA), Ms Charlotte Modise (Regional Head Branch Network), Ms Ashante Mackenzie (ABSA Rustenburg Branch Manager) and Mr MacDonald Dubula (Area Head: Rustenburg)

Asked if TVET College students and graduates are employable in the Banking Sector, ABSA Relationship Executive Public Sector, Mr Brian Bogopa said he believes that irrespective of whether one studies at a TVET College or a University, it is attitude that will determine where one will end up in life. "I had the opportunity to sit down with Medupe and take him through what his job would entail on a daily basis, when he was taking part in the Ready-To-Work programme. His positive attitude and drive was naturally there. It came as no surprise when I was informed that he had been handpicked to work for our branch as a full time employee," Mr Bogopa said.

Since the inception of the ABSA 'Ready-To-Work' programme, approximately 200 students from ORBIT College have benefitted from the initiative. Mr Tsawane is also the only student from a TVET College across the country to be employed by ABSA, following participation in the programme.

CAMPUS AWARDS CEREMONY 2018

The much awaited annual Campus Awards Ceremony took place on 29 May 2018 at Rustenburg Campus B (Hall A), where academically performing students in NC(V) programmes, Report 191 Business Studies and Engineering Studies were acknowledged for their achievements.

The 2017 Top Ten Achievers were awarded certificates for their outstanding performance at each level. The overall top achievers in each programme were also recognised and awarded trophies for their hard work.

Guests were kept entertained by the Campus Choir, which was also acknowledged for representing the College at the 2017 COSACSA Arts & Culture National Festival in Richards Bay. The Student Support Unit took the opportunity to introduce the 2018 Rustenburg Campus Student Representative Council (SRC) members, who played a pivotal role on the day.

A special thanks to all staff members who were involved and who assisted in making the celebration the success that it was.

The Rustenburg Campus Choir was also acknowledged for representing the College at the COSACSA Arts & Culture National Festival in Richards Bay in 2017.

NELSON MANDELA CENTENARY POSTER COMPETITION

As part of the Nelson Mandela Centenary 2018 celebrations, the College ran a competition where participants (interested students across all three campuses) had to design a Nelson Mandela poster, inspired by the themes "Make a difference" and "Be the legacy".

From the many entries received, each campus was then tasked with selecting posters that would be presented to the Mandela Centenary Committee. The winning poster would be used as the official College Mandela Centenary celebrations poster.

The Committee was faced with the difficult task of having to select only one poster from the creative designs submitted. The winning poster was by Rustenburg Campus Jewellery Manufacture & Design N5 student, Ms C Ernest. The runner up winners were Rustenburg Campus Mechanical Engineering N5 student, Mr S Tukani (1st runner-up) and Rustenburg Campus IT Level 3, Mr P Marumale (2nd runner-up)

Rustenburg Campus winners of the Mandela Poster Competition. From left to right: 1st runner up, Mr S Tukani (Rustenburg Campus- Mechanical Engineering N5), winner, Ms CK Ernest (Rustenburg Campus- Jewellery Manufacture & Design N5) and 2nd runner up.

In The Fast Lane

MORE THAN 1000 GRADUATES CONFERRED AT THE ANNUAL DIPLOMA & CERTIFICATION CEREMONY

By Tshegofatso Rapoo

Thursday, 24 May 2018 was another day of jubilation in the Higher Education Sector, as ORBIT TVET College conferred more than one thousand graduates with National Certificates and National N Diplomas, marking it as the biggest graduation ceremony the College has ever hosted.

Owing to the record breaking number of 1027 graduates, three sessions that ran concurrently, were hosted at the Rustenburg Civic Centre (City Hall) to accommodate the astounding number of graduates. Among the distinguished guests in attendance, were the Queen Mother of the Royal Bafokeng Nation, Mmemogolo Semane Molotlegi, who was also part of the Academic Procession, members of the College Council, stakeholders from ABSA, Standard Bank and Electro Diesel Group (sponsors of the event) and of course the friends and families of the VIPs of the day, the esteemed graduates.

No fewer than 741 Report 191 N6 Business & General Studies as well as Report 191 N6 Engineering Studies graduates and diplomandi were acknowledged during the first and second sessions, followed by the NC (V) Programmes Ceremony, which saw 285 candidates being awarded for completing their respective Level 4 qualifications.

Brits Campus Human Resources Management N6 student, Ms Sheila Moyo received the sought-after 'DUX Student Award' for Report 191 Business & General Studies, after she achieved an outstanding nine distinctions, coupled with 100% for 4

subjects- Labour Relations N6, Personnel Management N6 and Personnel Training N5 & N6. Mr Pabalelo Otsheleng, Rustenburg Campus N6 Mechanical Engineering graduate scooped the 'DUX Student Award' for Report 191 Engineering Studies. Mr Otsheleng obtained an unbelievable average of 92.83% and achieved no less than 12 distinctions over his period of study. In addition to this, he achieved 100% for 3 subjects –Mathematics N6, Mechanotechnics N5 and Power Machines N5. The renowned DUX Award for National Certificate (Vocational) studies was presented to Ms Boipelo Molefe from Mankwe Campus, for her consistent excellent academic performance in the Office Administration qualification. Ms Molefe obtained an average of 83.24% and bagged an incredible fifteen distinctions over her 3 year period of study. All DUX Awards were sponsored by Standard Bank.

The College also recognised seventeen Top Achievers who obtained an average of no less than 70%. They also received trophies and cash prizes, courtesy of our proud sponsor, ABSA Bank.

The admirable quality of the College graduates was displayed through the motivational speakers of the event, Mr Collin Chavana, a Mankwe Campus Tourism N6 graduate, who also received his Diploma in Tourism on the day, and Mr Pabalelo Otsheleng, the recipient of the DUX Student Award for Report 191 Engineering Studies and Top Achiever Award. Both speakers did an outstanding job in inspiring and persuading their fellow graduates to work hard at achieving greatness throughout their lives, as they prepare to enter the world of work.

The College presented the first ever 'Best Female in Engineering Award', which was bestowed on Rustenburg Campus student, Ms Dineo Manala, for her excellent performance in Report 191 Electrical Engineering. Ms Manala obtained an average of 80.25% and pocketed nine distinctions. This special award, sponsored by a long standing industry partner of the College, Electro Diesel Group, is in accordance with Government's National Skills Development Strategy objectives, which calls for an increase in female artisans.

In 2017, ORBIT TVET College produced approximately 900 graduates, indicating a significant increase in the number of graduates in 2018.

The Management and staff of ORBIT College would like to take this opportunity and congratulate the graduates on this important milestone in their lives, and wish them well in their future endeavours.

NELSON MANDELA CENTENARY 2018- BE THE LEGACY

By Tshegofatso Rapoo

2018 marks the centenary of the birth of the iconic Nelson Mandela. In celebrating this historic milestone, South Africans and the entire world, will be reflecting on his life and times, to promote his legacy.

To this end, ORBIT College has formed a Mandela Centenary Committee comprising officials from Student Support Services, Corporate Communications and SRC members. The Committee is responsible for driving the 100 years celebrations and activities that the College will be embarking on in 2018.

Under the theme, 'Make a difference', the College has so far rolled out exciting activities, including a poster competition, which was won by Rustenburg Campus Jewellery Manufacture & Design N5 student, Ms CK Ernst.

Brits, Mankwe and Rustenburg Campuses also battled it out at the College Mandela Quiz Competition held on 31 May 2018, where the selected students, competed against each other for the ultimate opportunity of representing the College at the Regional Quiz Competition. Team 'Boss Zonke' (Rustenburg Campus) were the winners of the College Mandela Quiz, and will contend for the 'Regional Quiz Masters' title against teams Vuselela College, Taletso College, Gert Sibande College, Nkangala College and Ehlanzeni College on 17 July 2018 at ORBIT College, Rustenburg Campus (Music Auditorium)

The winning Nelson Mandela Poster was designed by Rustenburg Campus Jewellery Manufacture & Design N5 student, Ms CK Ernst. It is being used as the official College Centenary Celebrations poster

#BeTheLegacy

ORBIT COLLEGE FC JOURNEY LEADING UP TO THE NEDBANK CUP LAST 32 COMPETITION

By Reuben Marakalala

The 2017/18 ABC Motsepe League season, got off to an exhilarating start, as sixteen teams, including ORBIT College FC, competed in a number of matches for an opportunity to represent the North West Province in the much anticipated Nedbank Cup Last 32 Competition, which took part in Cape Town in February 2018.

ORBIT College FC did not disappoint, and fought their way to the top, by beating SAB Provincial champions, Captain Eleven FC in the finals, to secure their place in the Last 32 Cup Competition.

In Cape Town, the 'Msweko Boys', as they are popularly known, put up a brave fight against Steenberg United, but unfortunately lost 3-1 to the Cape Town side.

Head Coach, Mr Pogiso Makhoye says he is very proud of his players' performance this season, and has no doubt that they will rise to the top. "Our vision for 2020 is to move up the rankings all the way to the National Division League (NFD), which will place us a step closer to our ultimate goal; the Premier Soccer League (PSL)," the coach said. Mr Pogiso Makhoye also added that it was gratifying to see three of the players he developed, playing for the top PSL teams participating in the Nedbank Cup finals. Former ORBIT College FC right winger, Sibusiso Hlubi, now plays for Free State Stars, while Pogiso Sanoka (Centre Back) and striker, Mohau Mokate are part of the Maritzburg United squad. Mokate and Sanoka have also just had their contracts renewed with the team for 3 years.

ORBIT College FC concluded the 2017/18 season at number 4 on the log, two places higher than the previous season, where they were standing at position 6.

A number of the club's players are currently being assessed by various NFD clubs for selection. The College wishes them the best of luck!

The 2018/19 ABC Motsepe League season will kick-off in September 2018.

ORBIT College FC players before departing for the Nedbank Last 32 Cup Competition, which took part in Cape Town in February 2018. They are pictured here with former Principal of the College, Ms Maryna Marais (in the middle of the front row), and the team Fitness Trainer, Mr Jabu Mothibi, Head Coach- Mr Pogiso Makhoye and Goalkeeper Coach- Mr Tshupo Segoi (all in the back row, in white t-shirts, from 1 to 1)

900 PRACTITIONERS TO BE UPSKILLED IN EARLY CHILDHOOD DEVELOPMENT TRAINING PROGRAMME

By Peter Matlou

Director: Curriculum Development Services at the Department of Education (NW), Dr E Mammen, addressing the ECD Facilitators at an induction session held in Mahikeng

In pursuit of its obligation to build capacity and enhance performance of practitioners in crèches managed by the Department of Social Development, the Department of Education and Sport Development in the North West Province has entered into an agreement with ORBIT TVET College to train 900 practitioners in acquiring ECD Level 4 qualifications.

The practitioners, currently volunteering at Early Childhood Development Learning Centres but with no formal ECD qualifications, have been selected to take part in a 12 month ECD Training Programme, which will see them acquire ECD Level 4 Certificates and become qualified ECD Practitioners upon completion, as per the

Participants in the programme are briefed of what is expected of them during the 12 month training period

National Development Plan.

ORBIT College, in collaboration with the government departments, rolled out induction sessions between 31 May and 15 June 2018, throughout the North West Province. The sessions were, amongst others, aimed at highlighting the roles and responsibilities of the students, before they commence with formal training.

Students will be placed at various Training Centres across the Province, where they will gain practical experience during the week and attend formal theoretical classes on Saturdays. Training will commence on 1 July 2018 in the following districts: Bojanala. Kenneth Kaunda, Dr Ruth Segomotsi Mompoti and Ngaka Modiri Molema. The students will receive a monthly stipend.

Business Development and Innovation Manager, Mr Peter Matlou says the enthusiasm shown by the candidates enrolled for the programme was quite exciting, coupled with the full cooperation from the Centres earmarked for training. Mr Matlou added that he is grateful to the Department of Education (NW) for seeing the importance of funding this initiative.

An ECD qualification, prepares one for a career in a formal ECD environment. If you want to work as a pre-school teacher, Crèche Manager, or ECD Centre Manager, this is the way to go.

TVET SECTOR STAKEHOLDER ENGAGEMENT AND AWARENESS PROMOTION ALTERS PERCEPTIONS

By Welheminah Modisane

In February, the Marketing and Recruitment Officer of ORBIT TVET College, Ms Wilheminah Modisane, engaged approximately eighty two Department of Education Life Orientation Educators of Moses Kotane and Rustenburg Sub-districts within the Bojanala District during a meeting that was held to discuss the Annual District Expo. During the meeting the new DHET Admission Policy was also introduced and shared with all representatives present. At least 70 Secondary Schools in the Bojanala Region were represented at the meeting.

A 20 minute presentation was conducted to all attendees to remind DoE stakeholders of the mandate of the TVET College Sector with a strong focus on ORBIT College. As one of 50 public TVET Colleges striving to contribute towards the NDP Strategy by bridging the skills gaps and focusing on artisan development. To this end, educators were made aware that the type of curricula offered at Colleges is as valuable and as much in demand as those of Universities and the two should not be confused nor be compared.

One would think that by now many of our stakeholders would be well informed and aware of the TVET College Sector mandate but the reality is that there are still many grey areas! This is the main reason why Colleges need to constantly keep in touch with schools at all possible levels in order for them to prepare and inform their learners

accordingly. During the interaction it became clear that some educators still have a number of misconceptions about TVET Colleges and the programmes on offer. However, the record was set straight with uncertainties being cleared.

It was also very interesting to see the surprising reaction of educators when they were shown interactive pictorials of our very own students in action during their workshop/practical training.

Some educators even alluded that they will guide their family members and relatives to study through TVET Colleges.

Most importantly, Subject Specialists and LO Educators were made aware of the new application criteria that was introduced by DHET late last year. Attendees were informed that TVET Colleges are now making use of the Admission Point Score (APS) system as Universities and Universities of Technologies are doing.

In closing, the Subject Education Specialist for Life Orientation (FET) for Moses Kotane Sub-district, Ms Alfreda Ramasodi pleaded with educators to work hard in empowering their learners to improve their results in order for them to pursue envisaged career studies at tertiary level.

Ms Wilheminah Modisane, Marketing and Recruitment Officer of ORBIT TVET College, addresses the LO Educators and Subject Specialists of Moses Kotane and Rustenburg Sub-districts

Career Expos

The team attended the two biggest annual career exhibitions in the Bojanala district, mainly aimed at targeting only Grade 12 learners. The CEIA Madibeng Expo was held from 13 to 15 February 2018 at Primindia Hall in Brits and the CEIA Bojanala DoE Annual Career Exhibition was held from 27 February to 2 March 2018 at Rustenburg Civic Centre.

Other exhibitions attended were Royalty Annual Career Expo which mainly targets English/Afrikaans Medium Secondary Schools. This expo was held on 12 and 13 April 2018 at Grenswag Hoërskool in Rustenburg. The Tsoga Re Phande Expo was also attended. This initiative was exclusively meant for the Mphe-Bana Secondary School learners in Koster.

The College was also well represented at the DHET Career Exhibition that was hosted at Limpopo in Mokgoophong Village on 23 April 2018.

STAY INFORMED AND MAKE THE RIGHT CHOICE!

By Welheminah Modisane

The Marketing and Recruitment team always strives to keep its community informed about the College and its new developments. Sharing information with the youth of Bojanala District Municipality is fundamental as it enables them to make informed career decisions. Ghanain Diplomat, Mr Kofi Annan once said "Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family." This is why the team takes pleasure in equipping the young and old minds with educational information so that they too can lead a progressive and sustainable future!

School visits

On an annual basis the team embarks on exciting recruitment drives such as school visits, career exhibitions, open days, stakeholder liaison sessions, etc. This year is no different and will be even better as we managed to reach out to nine secondary schools via school visits during the month of March alone. Schools visited were: New Covenant & Academy, Grenville High School, Kgosibodiba Secondary School, Motlhaputseng Secondary School, Thethe Secondary School, Rakoko Secondary School, St. Annes Secondary School, Sedibelo Secondary School and Gabonewe Secondary School.

Community Connexions

ZOOMING INTO YOUTH MONTH YOUTH ENTERPRISE DEVELOPMENT DAY

By Mashilo Chauke & Nthabiseng Mosala

The Rustenburg Local Municipality (RLM) hosted the Youth Enterprise Development Day on 14 June 2018 at the Rustenburg Civic Centre. The purpose of the day was to educate and share information with youth-owned enterprises (Small Medium and Micro Enterprises and Cooperatives) with special attention to Sustainable Enterprise Development, Market Development and Access to Finance Interventions.

Mr Mashilo Chauke, Facilitator at ORBIT College: Centre for Entrepreneurship, addressing the crowd and stakeholders. He highlighted the services that the CFE renders to graduates and community members of Rustenburg and neighbouring areas

The Centre for Entrepreneurship and Rapid Incubator at ORBIT College was among the key stakeholders invited to the event, being an establishment that offers generic business support services to SMMEs on a daily basis in and around the Rustenburg area.

SMMEs came out in numbers to the Rustenburg Civic Centre, to find out more about the opportunities available to them as entrepreneurs of youth-owned businesses

CAREER EXPO

With the month of June dedicated to celebrating the youth of SA, the Rustenburg Public Safety Department hosted an informative Career Expo at the Marikana Community Hall on 20 June 2018.

Ms Nthabiseng Mosala and Mr Mashilo Chauke from the Centre for Entrepreneurship and Rapid Incubator, were invited to share information relating to programmes offered at the College and entrepreneurial services available at the Centres. Learners from local schools and the out-of-school youth in Marikana were in attendance.

Student Support Pitstop

FROM THE OFFICE OF THE DEPUTY PRINCIPAL ACADEMIC PROGRAMMES & STUDENT SUPPORT SERVICES

Dear Orbitants!

It gives me great pleasure to welcome and congratulate you on your acceptance to ORBIT TVET College. We are happy and excited that you have selected and entrusted us with the great responsibility to offer you quality and accessible education.

As a College, we promote achievements in all areas of learning relevant to the TVET College Sector. To enhance this mandate, the College is characterised by, inter alia, fully functional teaching and learning facilities that include Student Support Services Centres. We fully support our students academically and socially, from the time they enter the College, during their periods of study and when they exit the institution.

In the great words of Nikos Kazantzakis, always remember that "teachers are those who use themselves as bridges over which they invite their students to cross; then having facilitated their crossing, joyfully collapse, encouraging them to create bridges of their own".

As part of the institutional experience and journey, you will find camaraderie amongst peers who share your interest. When meeting new people, use that opportunity to gain valuable life skills. This can be done through the hundreds of active campus organisations and the countless volunteer opportunities as well as the social, cultural and recreational co-curricular activities that the College has to offer.

Our goal is to make you proud of the decisions you have made, and we are looking forward to an enduring engagement with you. Use this opportunity to enjoy the academic and extra-curricular activities available to you.

I look forward to following your sound academic and extra-curricular engagement, as you embark on the ORBIT journey.

Mr T Mosito
Deputy Principal Academic Programmes & Student Support Services

SRC TEAM BUILDING SESSION

The Student Support Unit took the 2018 SRC members on a three-day team building session at Orion Hotel, Rustenburg on 26 April 2018. Pictured here are Student Support Officials from the three Campuses (Mr P Tekana, Mr M Mabai, Ms S Sebogodi), Deputy Principal Academic Programmes & Student Support Services, Mr T Mosito with the SRC members.

INTRODUCTION OF 2018 SRC

ORBIT COLLEGE would like to officially congratulate the 2018 Student Representative Council (SRC) members! We trust they will represent their fellow students to the best of their ability during the 2018 academic year.

2018 COLLEGE ACADEMIC DAY

By Yvonne Shilowa

The 2018 College Academic Day was held on 31 May 2018 at Rustenburg Campus, Music Auditorium. All three campuses were represented in the following categories:

- Debate
- Mandela Quiz
- Public Speaking
- Prepared Reading
- Mathematics and Mathematical Literacy

This year's event saw the introduction of a new category, the Mandela Quiz. The teams representing the Campuses battled it out to find out who is more knowledgeable when coming to the life and times of the late Nelson Mandela as the world celebrates the his centennial birthday.

The overall campus winners in the different categories were:

1. Mathematics and Mathematics Literacy- Mankwe Campus
2. Public speaking- Brits campus
3. Prepared Reading- Rustenburg Campus
4. Mandela Quiz- Rustenburg Campus (Team Bozz Zonke)

Furthermore, eleven students taking part in the Debate Competition were chosen to debate in July 2018 for the final two spots to represent the College at the National Debate Competition that will be held in August 2018.

Team Boss Zonke from Rustenburg Campus will represent the College at the Regional Mandela Quiz Competition which will be held at Rustenburg Campus Auditorium on 17 July 2018.

Congratulations to all the winners at this year's College Academic Day. To all the students who participated in the various categories, the day was a success because of you and your participation. Keep up the spirit of wanting to learn and improve on your craft.
